

MERIDIANO

Website Handoff Document • Prepared for Zayan • August 2026

For: Zayan (Build) • Maria (Imagery)

From: Rengan Rajaratnam

Domain: meridianocasa.com

Status: New build, sits alongside the existing Estreia reservation site

01 PURPOSE AND AUDIENCE

Meridianocasa.com is the credibility and investor site for Meridiano. It is not a consumer site. It has two audiences:

- **Credibility.** Ludmilla's business manager, artist counsel, manufacturing partners, and any professional counterparty who asks who Meridiano is before signing.
- **Investor.** Warm strategic conversations with capital providers, potential financing partners, and eventually the exit target. Not a public fundraising page. A page that shows an investor the venture is real and thoughtful without an explicit ask.

The site should feel like an institution, not a startup. Quiet, restrained, considered. Nothing on it should be commerce-facing. No product images, no artist names by default, no prices, no manufacturer names, no press.

02 HOW THIS SITE FITS WITH ESTREIA

Meridiano runs two properties. Both stay live and separate:

meridianocasa.com • This build

Purpose: Corporate credibility and investor storytelling

Audience: Business managers, investors, partners, press when relevant

Content: House thesis, market, architecture, phasing, leadership

Language: English primary, Portuguese follow-on

Tone: Institutional, quiet, expensive-feeling

The existing Estreia reservation site • Live

Purpose: Consumer-facing demand validation for the first collection

Audience: Prospective customers, primarily Brazilian

Content: Warm reservation flow, no commerce, no charge, no commitment

Language: Portuguese primary (live), English and Spanish planned

Tone: Warm, direct, no pressure

The two sites do not cross-link publicly. Estreia is a self-contained consumer property tied to a specific artist collection. Meridianocasa is the corporate house. From the corporate site's perspective, Estreia does not exist yet.

Note: Keep the two sites on separate infrastructure. Estreia stays on its current stack. Meridianocasa is a new deployment. Both stay on your infrastructure, not on 01 Media's shared hosting.

03 SITE STRUCTURE

Single scroll page, mobile-first, seven sections. All content below in English. Portuguese follows once English is approved.

Section 1 • Hero

Layout: Full viewport, dark background, center-aligned

Wordmark: MERIDIANO in serif, generous letter-spacing

Subline: A Brazilian creator-led house of apparel and beauty.

Button: No CTA button on hero. Nothing to click. Silence is the design.

[IMAGE PLACEHOLDER — MARIA] Full-viewport dark texture or subtle abstract. No product, no faces, no landscape. Something atmospheric — dark linen, dark satin, deep amber light on shadow. Suggests craft without depicting it. Reference: the mood of the Eric Blaunchi deck cover.

Section 2 • Thesis

Two short paragraphs, centered, generous whitespace above and below.

Meridiano is a house of category-specific lines, each anchored by a founding artist. The house owns the brand, the intellectual property, and the customer relationship. Artists serve as founding faces of individual lines. Never as owners of the house.

Built to compound category by category. Built to be sold as one institution, not one face.

Note: No image in this section. White space and typography do the work. Do not put a portrait, a product shot, or an illustration here.

Section 3 • The market

Short block, three or four sentences. Left-aligned column, single paragraph.

Brazil is the fourth-largest consumer market in the world for beauty, apparel, and personal care. A domestic industry protected by structural trade barriers rewards brands that build inside the wall. Creator-anchored brands have proven the model at scale. Meridiano is the operator-led, portfolio-first version of that thesis.

[IMAGE PLACEHOLDER — MARIA] Optional: a subtle map or textural background element evoking Brazil without literal imagery. A wide shot of Rio, São Paulo, or the coast at dusk — no people, no landmarks in focus. Warm tones. If unsure, no image.

Section 4 • The lines

Grid of three placeholder cards, side by side on desktop, stacked on mobile. No photos, no artist names.

Card 1

Label: Intimates

Tag: coming 2027

Card 2

Label: Lifestyle

Tag: coming 2027

Card 3

Label: Grooming

Tag: coming 2027

[IMAGE PLACEHOLDER — MARIA] Three abstract textural card backgrounds, one per category. Intimates: lace or silk texture. Lifestyle: linen or open-weave. Grooming: dark leather or brushed metal. Textures only, no product, no faces. Roughly equal luminance so the grid reads evenly.

Note: This section is deliberately restrained. As artists sign public and product develops, this grid becomes richer. For now, restraint reads as confidence.

Section 5 • Approach

Three short cards, no photos. Headline + one sentence per card. Simple, clean.

Card 1 • Ownership

| The house holds the brand, the IP, and the customer relationship outright, on every line, in every category.

Card 2 • Discipline

| Every line built to the same standard. Manufacturing locked before launch. Category by category.

Card 3 • Sequence

| Speed funds what comes next. Every phase strengthens the one after it.

Note: No images in this section. Cards are typographic only. Optional small icons or numeric markers (01, 02, 03) in the corner, treated as gold accent.

Section 6 • Leadership

Founder

Name: Reuben Benjamin

Role: Founder and Chairman

Bio (suggested): Chairman of 01 Media & Advertising. Brazilian creator commerce and content operator.

Email: reuben@meridianocasa.com (Zayan to provision)

Strategic Advisor

Name: Rengan Rajaratnam

Role: Strategic Advisor

Bio: Former CEO Jeffree Star Cosmetics LATAM. Career operator and investor across consumer and media.

Email: rengen@cinamonadvisors.com

Note: No photos. Text-only leadership block. Institutional register. If Reuben wants his bio adjusted, wait for his approval before publishing.

Section 7 • Contact

Business inquiries: hello@meridianocasa.com (Zayan to provision)

Address: 01 Media & Advertising Ltda., Rua Fiandeiras 929, suite 51, Vila Olímpia, São Paulo, SP, 04.545-006, Brasil

Footer copyright: © Meridiano 2026. All rights reserved.

Note: Contact form optional. If included, single field for message, single button 'Send'. Route to hello@meridianocasa.com. No captcha unless spam becomes a problem.

04 DESIGN DIRECTION

Reference

The visual language of the Eric Blanche deck ("The Roster & The Machine") is the reference for this site. Dark backgrounds, warm accents, serif type for headers, generous whitespace, restraint over ornament.

Color palette

Primary background: Deep near-black (#0A0908 or similar)

Secondary background: Warm dark amber (#3E2C1F or similar)

Text primary: Warm off-white (#F4EFE6 or similar)

Accent: Muted gold (#C9A961 or similar)

Text secondary: Muted warm gray (#8B7D6B or similar)

Typography

Headers: Serif, elegant, high contrast. Suggested: Cormorant Garamond, Playfair Display, or similar.

Body: Clean sans-serif with good weight range. Suggested: Inter, DM Sans, or similar.

Weight discipline: Use two weights maximum per typeface. Do not mix five weights.

Letter spacing: Generous on headlines. Standard on body.

Motion

Soft fade-in on scroll for section entrances. Nothing more. No parallax, no video autoplay, no bouncing elements, no cursor tricks. Restraint is the point.

What not to do

- No stock photography
- No emoji anywhere
- No gradient text
- No neon or high-saturation colors
- No startup-style illustration
- No trust badges, awards, or 'as seen in' logos
- No live chat widget
- No signup for 'the drop' or 'newsletter'

05 IMAGERY BRIEF FOR MARIA

This section is for Maria. Every placeholder in the site is listed below with a description of what to source or produce. The site has intentionally few images. Restraint is the design.

Total images needed

Five images, plus an OG social share card. That's it.

Image 1 · Hero background

Section: Hero (Section 1)

Format: Full viewport, landscape orientation, high resolution (min 2400px wide)

Content: Atmospheric texture. No product, no faces, no landscape. Dark linen, dark satin, deep amber light on shadow. Suggests craft and material without depicting anything specific.

Mood: Quiet, expensive, considered. Reference: Bottega Veneta, Loewe, The Row website aesthetics.

Avoid: Stock photography look. Anything overtly 'lingerie' or 'beauty'. Anything with a person. Anything bright.

Image 2 · Optional market section background

Section: The market (Section 3)

Format: Full width, moderate height

Content: Wide shot of Rio, São Paulo, or the Brazilian coast at dusk. No people, no landmarks in sharp focus. Warm tones.

Alternative: If a good image isn't available, skip. No image is better than a weak image.

Avoid: Tourism cliché — Christ the Redeemer, Copacabana signage, Carnival. Nothing that reads as postcard.

Images 3, 4, 5 · Category card textures

Section: The lines (Section 4)

Format: Three square or slightly-tall card backgrounds, roughly equal luminance

Card 1 · Intimates: Lace, silk, or fine mesh in shadow. Textural, close crop. Warm undertone.

Card 2 · Lifestyle: Linen, open-weave cotton, or knit texture. Neutral tones.

Card 3 · Grooming: Dark leather, brushed metal, or wood grain. Cool undertone with amber highlight.

Consistency: The three must read as one family. Same treatment, same color depth, same feel.

Avoid: Any product silhouette. Any face. Any brand mark. Any obvious skin.

Image 6 · OG social share card

Format: 1200×630px

Content: MERIDIANO wordmark centered on dark background, small subline 'A Brazilian creator-led house of apparel and beauty' underneath. Same aesthetic as the hero.

Purpose: Appears when the site link is shared on WhatsApp, LinkedIn, Twitter, etc. Should look institutional, not promotional.

Approval process

Maria produces or sources each image, sends to Rengan for approval before Zayan uses it. Do not push images live without approval. Any image that doesn't clear approval is replaced or the section runs without imagery.

06 TECHNICAL SPECIFICATIONS

Domain and hosting

Primary domain: meridianocasa.com

SSL: Required. Let's Encrypt or Cloudflare-managed

Hosting: Your infrastructure, not 01 Media's shared hosting

CDN: Cloudflare or similar for global speed

Build stack

Whatever's fastest for you. Framer, Webflow, Astro, Next.js static, plain HTML/CSS/JS — all fine. Prefer static over CMS for speed and security. Site content is small enough to hand-edit for now.

Performance targets

- Lighthouse Performance score above 90 on mobile
- First Contentful Paint under 1.5 seconds

- Total page weight under 1.5MB including images
- No blocking scripts, no third-party analytics on launch

Accessibility

- WCAG AA compliance minimum
- Semantic HTML with proper heading hierarchy
- Alt text on every image, matching the imagery brief
- Keyboard navigation for any interactive element
- Color contrast tested against WCAG AA

SEO minimums

Page title: Meridiano — A Brazilian creator-led house of apparel and beauty

Meta description: Meridiano is a Brazilian creator-led house of apparel and beauty. Category-specific lines, anchored by founding artists. Built to endure.

OG image: See imagery brief Image 6

Canonical URL: <https://meridianocasa.com>

Robots: Index, follow — public site

Analytics and tracking

None on launch. No Google Analytics, no Meta Pixel, no third-party trackers. Reason: the audience is small, professional, and privacy-conscious. When we need traffic data later, we'll add lightweight self-hosted analytics like Plausible or Umami.

Contact form (if included)

- Single message field, single Send button
- Routes to hello@meridianocasa.com
- Honeypot for spam prevention, no visible captcha
- Success message: 'Message received. We'll be in touch.'

07 LANGUAGE AND LOCALIZATION

Primary launch language: English

Follow-on: Portuguese (pt-BR)

Later: Spanish, if needed for regional expansion

Simple language switcher in header, no separate URLs. English as default. Portuguese content will be provided separately once English is approved and live.

Note: The existing Estreia site is Portuguese-primary. Meridianocasa flips the convention. Reason: the corporate site talks to international investors and global business managers. The consumer site talks to Brazilian customers. Different audiences, different defaults.

08 APPROVALS AND GOVERNANCE

Approval chain

- Content changes to any live section: Rengan approves before Zayan pushes
- Image additions or swaps: Maria produces, Rengan approves, Zayan pushes
- Structural changes to sections: discuss with Rengan first
- Domain, hosting, DNS: Zayan's discretion, coordinate with Rengan on major changes

Confidentiality

Do not share the URL, staging link, or design with anyone at 01 Media, Bonde Records, or Ludmilla's team before the site is approved and live. Do not share drafts on the Meridiano WhatsApp group. Do not post progress updates anywhere public.

Not on the site

- No product images
- No artist names (until artists sign public)
- No prices, retail bands, or commercial terms
- No manufacturer names (Brandix, MAS, Stretchline, others)
- No investor pitch material, decks, or financials
- No press logos or 'as seen in' badges
- No blog, journal, or content section
- No email capture for 'the drop' or 'newsletter'
- No mention of the Estreia site or cross-linking

09 DELIVERABLES

Timeline at your discretion. When each item is ready, ping Rengan for review.

- Domain registered and DNS pointing to build environment
- Staging URL for review before public launch
- English site live at meridianocasa.com after approval
- Contact form connected and tested
- Portuguese version staged as follow-on
- Source access shared with Rengan for backup

10 QUESTIONS FOR ZAYAN

Anything unclear, ping Rengan directly on WhatsApp. Do not raise questions in the Meridiano group chat. This build is off-cycle from the Estreia work and should stay that way.

— R
